

GleekToken Whitepaper

Abstract:

GleekToken is a memetic, community-driven cryptocurrency that brings together the excitement of memes and the power of blockchain technology. With a fun and engaging concept centered around Gleek, the mischievous blue alien monkey from the planet EXXOR, *GleekToken* aims to create a unique and profitable experience for its community. This whitepaper outlines *GleekToken's* mission, roadmap, tokenomics, and upcoming launch details.

1. Executive Summary:

GleekToken is a memetic cryptocurrency designed to create a vibrant and inclusive community centered around memes and blockchain technology. Our mission is to provide a fun, engaging, and profitable experience for our holders while fostering transparency, safety, and community involvement.

2. Introduction:

Welcome to *GleekToken*, the future of meme tokens! Our mission is to create a vibrant and inclusive community where users can engage with memes, enjoy passive income opportunities, and embark on a zany mission to the moon. *GleekToken* combines the power of blockchain technology with a fun and exciting concept, making it the go-to token for meme enthusiasts and crypto investors alike.

3. Problem Statement:

In the crypto space, meme tokens have gained immense popularity, but many lack sustainability and long-term value. *GleekToken* aims to address this by providing a memetic cryptocurrency that not only captures the essence of memes but also offers a robust ecosystem with profitable opportunities for its community.

4. Solution Overview:

GleekToken is built on a secure and decentralized blockchain, providing a transparent and immutable platform for meme enthusiasts. Through innovative tokenomics, community engagement, and the development of unique NFTs and utilities, *GleekToken* offers a sustainable and enjoyable meme token experience.

5. Technical Details:

GleekToken is built on the Binance Smart Chain (BSC) and utilizes the BEP-20 token standard. It leverages the power of smart contracts to facilitate secure and efficient transactions. *GleekToken's* smart contract ensures fairness and integrity, allowing holders to participate in various token functionalities.

6. Use Cases:

***GleekToken* can be used for a range of purposes within the Gleek community, including:**

- ✓ Participating in token staking and earning passive income through reflections.
- ✓ Purchasing and collecting Gleek-themed NFTs.
- ✓ *GleekToken* holders can access Gleek NFT Market Place as well as utilize *Gleek NFT Maker* to create their own unique Artwork.
- ✓ Accessing exclusive *GleekToken* merchandise.
- ✓ Engaging in community voting and governance.

7. Implementation Plan:

GleekToken has a well-defined roadmap to guide its development and growth. GLK will start with 6% reflection from native token tax. Plus, an additional 3% reward from *cryptofor.life* (partnership)tax. While also adding 10% Net Profit Sharing pool from *cryptofor.life* (partnership) TOTAL SALES. This will give DIAMOND HAND HOLDER A TOTAL OF 19% PASSIVE INCOME.

8. Tokenomics:

ZERO BUY TAX

Thats right zero, zip , nada no buy tax.

ZERO BUY TAX ensures investors that the amount of BNB provided. PROVIDES investors the maximum amount of *GLEEKTOKENS* per transaction.

This will ensure investors gain the maximum PROFITS.

18% SELL TAX

THE HIGH sell tax is designed to discourage early sell offs.

While at the same time rewarding DIAMOND HANDS with 6% REFLECTIONS per SELL.

The remaining tax is as follows:

4% Marketing

3% Liquidity

4% Treasury

1% Burn

8B. Token metrics

Presale 52%

Liquidity 25.2%

Marketing 11.4%

Treasury 11.4%
